

POLASARA SCIENCE COLLEGE, POLASARA (GANJAM) 761105

Mentoring programme is conducted to help the students to strengthen their varied capabilities and to build an interpersonal relationship between the teachers and students. Each teacher in all departments is assigned with the task of mentoring a group of students depending upon the strength of students and faculties. This programme is conducted at two levels; group and personal. All teachers conduct at least three group level interviews of his group every year. The personal level interviews with the students are also conducted periodically. All mentors keep a confidential data sheet about their students, "mentors assessment of students" which records a report of mentoring done by the teachers. These reports are periodically evaluated by a team of teachers selected from each department. The mentoring programme is monitored by a committee consisting of the Principal, Academic Bursar and a panel of experienced faculty.
